A DONORA BOILER MAKER, VICTIM OF AN ASSAULT, DIES

TWO YOUNG MEN ACCUSED OF MURDER

Andy Dujak And John Pirpak Force Themselves Into Home of a Donora Citizen And After Quarrel, Fatally Injure Him

CLAIMED TO BE OFFICERS

Wanted to Search Man's Home For Still, Despite His Protests That None Is There — Search Being Made For Accused, And Believed They Will Be Caught

In his own home, witnessed by his wife and several of their small children, George Rebeck, residing at Walnut street, South Donora, a boilermaker on the Pennsylvania railroad at Browns ville, was struck a blow on the head last night at 6 o'clock, which caused his death this morning at 9 o'clock, inflicted by one of two youthful characters, alleged to be Andy Dujak, 19, and John Pirpak, aged 19.

Mr. Rebeck had recently moved his family of seven children and his wife from another section of Donora to their present abode, and returning home from work at 5 o'clock, was busily engaged in helping his wife arrange the household furnishings. Shortly after arriving home a knock was heard at the door and upon opening it they found two young men without, who claimed they were state officers and were about to search the house for a still. The young men forced themselves into the house despite Rebeck's protestations that they were mistaken. He ordered them to leave and when they proceeded to make investigations, a scuffle ensued. One of the young men, alleged to be Andy Dujak, picked up an iron stand used to hold a shoe last and struck Rebeck a terrible blow across the side of the head. Rebeck fell to the floor fatally wounded.

The young men realizing immediately, that they had perhaps killed Rebeck made a hurried get-a-way from the house and proceeded to the Donora Pennsylvania Railroad station, where they purchased tickets for Pittsburgh. While seated in the train, leaving Donora at 6:20, in the smoker, in an exceedingly nervous condition, a man seated in the rear of them overhead one of the youths say that if they came after him he would jump out of the coach window The man become suspicious immediately and kept a watchful eye on them during the balance of the journey, which ended at Homestead, instead of Pittsburgh The man also got off at Homestead and notified the Donora police.

In the meantime, Mrs. Rebeck had summoned a physician and also the police. Rebeck had been rendered unconscious The physician operated at 11:30 last night, after which Rebeck rallied a little.

Search is now being instituted and it is believed they will soon be apprehended. The youthful bandits are wellknown characters of Donora, figured in robberies in that vicinity and have been sent to Morganza. Robbery is believed to have been their motive in entering the Rebeck home.

"JOHN T. KING" SENDS $25,000 CHECK

Philadelphia. Feb. 7—(United Press)—Brig. Gen. Smedley D. Butler, director of public safety, has received a $25,000 check from "John T. King."

The check was mailed here in a plain envelope with no enclosure to advise the general why "John T. King" who may be thesame elusive benefactor of William H Anderson, New York uperintendent of the Anti-Saloon League, sought to befriend him.

Gen. Butler said it probably was a "joke" and he would make no attempt to cash the check. The check and envelope were sent to the postal inspectors.

McAdoo to Say Had Naught to Do With Leases

Washington, Feb. 7—(United Press)—William G. McAdoo is preparing to purge himself of the taint of oil.

McAdoo will [illegible] fore the Senate Teapot Dome committee to explain his connection with F. L. Doheny, the millionaire oil man who loaned Albert B. Fall, former interior secretary, $100,000 and who got from Fall leases on naval oil reserves.

Doheny said he had paid McAdoo $250.000, and retained him at $50.000 a year as one of his counsel.

This testimony creted a political sensation and was regarded in some quarters as wrecking McAdoo's hopes of the Democratic nomination

McAdoo, however, will explain to the committee that he had no connection with naval oil leases, nor did he as counsel for Doheny negotiate with the United States government concerning oil matter.

The Banquet Will Be Well Attended Said

Indications point to a good-sized attendance at the annual banquet of the Charleroi Chamber of Commerce to be held at the Elks club next week Tuesday evening at 6:30 o'clock.

The musical features will be furnished by the Jenkins orchestra, and quartet selections, among the personnel of the quartet being C. Chester Humphries.

Charles Towner [illegible] business man of Monongahela, will tell the concourse the experience gained by the citizens of that place since the institution of the City Planning Commission in that city. Inasmuch as Charlerolans are interested in the project, which has become self-centered through virtue of legislative enactment making it operative in boroughs, the talk of Mr. Towner will doubtless be well received and prove beneficial in its tendencies.

State Senator C. M. Barr of Aspinwall, one of the most eloquent and forceful speakers in the Pittsburgh district, proper, will regale the assembly with an address, the caption of which will be "Crisis of Citizenship"

Carl Wallace Petty will eulogize Abraham Lincoln in a talk commemorative of his natal occasion, that will be fraught with not only complimentary and endearing epithets of the greatest of Americans, but will doubtless have in it practical thesis as applies to present day conditions and environment.

DeMarco Meets Frankie Rice At McKeesport

Cuddy DeMarco meets Frankie Rice of Baltimore at McKeesport—Palisades Rink—this evening. The bout is staged by the Majestic club and will be one of 10 rounds.

DeMarco and Rice met before, the result being a draw. Neither is satisfied with the verdict, and the fur is expected to fly tonight. We all know what Cuddy can do, but he has a tough opponent, with Rice having 40 knockouts to his credit

Cuddy will win—this is the consensus of opinion cemented with the hope of his many friends and admirers here.

The remainder of the card is attractive. In the six-round semi-final, Knockout Ferry of McKeesport will oppose Young Sailor of Charleroi. These boys are both well known in the Tube City and have quite a following.

The second number is between Walter Dickerson of California, Pa., and Young Penno of Pittsburgh, 142-pound lads, and the opener will find Young Gregao of McKeesport exchanging slams with Pat Gallagher of Pittsburgh. The show opens at 8 o'clock.

LAW VIOLATORS ARE SENTENCED

DRIVER HAS TROUBLE SHOWING A FORD CHASSIS CAR

Yesterday afternoon, about 4 o'clock, Don Dickinson, of this place, had trouble in demonstrating a Ford Chassis.

He seated himself on the gasoline tank, and started out Crest avenue [illegible] Second street. After going about 30 yards, the gas lever broke giving the machine a terrific jerk which hurled the driver off against the curbing. The car ran over his legs, and, after making a circle, ran into a pole, the motor still going at a fast clip. The driver narrowly averted being hit again by the machine. He got his ankle and shoulder bruised, and the car was slightly damaged.

Pittsburgh Woman Is Fined $100 And Costs For Carrying of Moonshine to a Christening Celebration For a Baby

MOST OF IT TO BE REMITTED

Providing Woman Pays $10 of Fine And Costs—Carried the Booze In a Traveling Bag — Stated That She Had No Money to Pay Fine And Costs

Mrs. Thelma Kubrick, of Pittsburgh, a young married woman, upon her plea of guilty yesterday before Judge Erwin Cummins, to a charge of unlawful transportation of liquor, was fined $100 and costs. No imprisonment was imposed. If she pays $10 of the fine and costs the balance will be remitted. Mrs. Kubrick was arrested upon her arrival in Burgettstown from Pittsburgh and a traveling bag she carried was found to contain moonshine.

It appears, according to the story told the court, that she was on her way to visit her brother-in-law, and wife, Mr. and Mrs. Kubrick, of Burgettstown They had a young baby at home and were planning for a celebration. The defendant stated to her counsel that she had been asked to bring out the liquor from the city and it was this liquor she had.

The defendant's husband is a cripple and does a little produce business. They are not in good circumstances financially and Mrs. Kubrick is about to become a mother. It was stated she had no money to pay a big fine or costs. The court upon the statement of the facts imposed the lenient sentence.

Mary Yuhas, wife of Alex Yuhas, of Shinntown, near Eldersville, admitted the unlawful manufacture of raisin wine of high alcohol content. It seems she has been persistent in liquor making, notwithstanding she was warned twice to persist. The third time the officer arrested her. Neither the defendant nor her husband seem to understand English and were indifferent to what was going on. It was stated the woman was not strong mentally. Her husband works steady in the mines. The woman was fined $100 and costs or 30 dys in jail. The court believed the husband could pay the fine and costs and the woman would not have to be imprisoned

YOUNG LADIES TO PLAY DUQUESNE

The Charleroi High School Girls' Basketball team has a hard fast game scheduled with Duquesne tonight. It will be played on the home floor. Duquesne has one of the fastest and best teams in the Ptrsburgh district, and so far have not lost a single game. If Charleroi should beat them tonight the locals would have a splendid chance to win the championship of Western Pennsylvania.

The local team played Duquesne two hard games last year, winning by a very close score. Duquesne's team is stronger and better than ever this year, and tonight's game will probably be the most exciting one played this season. The girls are in good shape for the game, as was shown last Saturday in the game against Donora. At practice Philips has been dropping ball after ball in the basket in her usual form, and can be relied upon to do so tonight. The team has been practicing diligently, and will do all in their power to stop Duquesne. Nevertheless they are looking forward to the game with some misgivings.

The next home game will be played on Tuesday February 12, with the Monessen girls.

SAY HARTMAN IS IN THE WEST

Edward R. Hartman, World War veteran formerly of the firm of Hartman & Schad, Inc., who is now said to be a fugitive from justice, charged with larceny, embezzlement, and fraudulent converting of property, is now alleged to be in either New Mexico or Arizona. It is said that Hartman, whom people in this section would like to see, has taken up a government claim in one of the States named.

The case of Hartman, with T. W. Schad as prosecutor, comes before the grand jury at Washington today.

Not long since the father of Hartman, who lives in the State of Pennsylvania, was here, presumably looking into the alleged delinquencies of his son.

Hartman married an estimable Charleroi lady, well connected, and he enjoyed, it is said, for a time, at least, the confidence and esteem of all who knew him. His army record is alleged to be creditable.

If the man is in one of the States mentioned, whether efforts to bring him to Pennsylvania by the extradition process, remains to be seen.

FAY DEFEATS TOM BILLIARDS

Harry Fay of this place made a further enviable reputation for himself in the ranks of pugilistic circles, when he defeated quite decisively Tommy Billiards of Cincinnati at the Savoy Theatre, Louisville, Monday night. He must be given credit for beating a tough opponent.

Fay, speedy, and employing a snappy left jab, which went to its mark unerringly, mixing it with a right cross that at times shook the Cincy battler, carried seven of the 12 rounds of the engagement. Billiards willing and boring in most of the way, took the sixth, eighth, ninth, [illegible] rounds, while the opening round was even.

Fay was called upon to absorb some tremendous slams unloosened by the Ohio battler, but this he succeeded in doing, and invariably gave a receipt for more than was delivered.

ACCIDENTS IN THE VALLEY YESTERDAY

Petro Petrucci, 43 years old of Shire Oaks a laborer, employed by the Pennsylvania railroad, sustained a broken collarbone and wounds about his head yesterday morning about 10 o'clock, when he was struck by a shovel which a fellow workman hurled at him from a wreck car loaded with tools, near Floreffe. Petrucci was struck full in the shoulder and the left side of his head by the end of the shovel. The force of the blow knocked the injured man to the ground. He was removed to a bravosburg physician's office where he received attention and later he was taken to a Pittsburgh hospital. The affair was accidental. Petrucci and several other workmen were receiving tools from men standing in the tool car and the shovel was thrown to him by a workman to be caught and placed along the tracks preparatory to doing repair work. Petrucci engaged in moving several heavy tools had just arisen from a stooping position when struck by the shovel.

Alec Finney, a Slav, employed at a truck mine near Bunola, was injured when he fell from a truck on which he was riding The man sustained a badly crushed ankle when the rear wheel of the truck passed over it. He was removed in the truck to Elizabeth and later to the McKeesport hospital where an X-Ray picture of the broken bone was made. Finney was injured several months ago in a fall of slate at the Blaine mine of the Hillman Coal company near Bunola, and had returned to work only a few weeks ago.

LOCAL YOUNG MAN WINNING HIS SPURS

Dr. J. George Becht, State superintendent of public instruction, announced the appointment of Harry W. Stone, son of Mr. and Mrs. Chas. W. Stone of Lookout avenue, as assistant director in the bureau of school buildings, of Pennsylvania.

Mr. Stone is a wellknown Charleroi boy, having attended the Charleroi public schools, been associated with various architects, during the past three years, affiliated with the Stone's Auto Accessories and Radio supplies store and was also connected with the Radio Supply and Manufacturing company. Mr. Stone is a graduate of Toronto University, Toronto, Canada, a graduate of Carnegie Institute of Technology with the degree of B. of S. in architecture, and has served 18 months in France with the engineers. Many of his friends will be pleased to learn of his appointment and wish him success.

MILLIONS DAMAGE BY THE STORM

Chicago, Feb. 7.—(United Press).—Its lines of communication still badly crippled, the middle west today took stock of the damage wrought by the most destructive storm in years.

It is impossible to give an accurate estimate on the damage, but authorities believe it will total around $5,000,000

Hundreds of telephone and telegraph repairmen fought huge snow drifts to repair the tens of thousands of miles of electric lines broken down by the storm. Thousands of telephone poles are down and it will be weeks before normal facilities are restored.

For two days, Northern Illinois, Northern Indiana, Wisconsin, Iowa, Nebraska and portions of Minnesota and the Dakotas were practically isolated from the rest of the country. Chicago was cut off from the east except for a single strand of line maintained by the Western Union.

Letter From Japan Is A Feature of Local Society Meeting

Miss Mertle Anderson presented the program at the meeting of the Woman's Foreign Missionary society of the Methodist Episcopal church which took place yesterday afternoon in the Sunday school room of the church. It was an excellently planned program, Miss Anderson and her helpers placing illustrations of the stories they presented on a map, making it doubly interesting and instructive. The subject of discussion was, "Achievements of the Christian Movement in Japan." Her assistants were Mrs. E. H. Greenlee, Mrs. Howard Tetbush, Mrs. C. C. Stephens, and Mrs. Minnie Frew. Miss Anderson added interest to the program by reading a letter from Emma Kaufmann, the Canadian secretary, in Tokio, Japan. The letter has been written since the terrible earthquake disaster of Japan, and Miss Kaufmann related many terrible instances. Mrs. Earl Nicholson rendered two vocal solos in her usual pleasing manner.

Mrs. Thomas R. Eagye, first vice-president, presided at the business session, during which time plans were made for a tureen supper to be held at the April meeting. Devotions were led by Mrs. Terwilliger. The hostesses, Mrs. J. F. Laird, Mrs. Ben Harris, Mrs. J. M. Hill and Mrs. Della Halstead, served luncheon.

$160 IS STOLEN FROM A ROOM

Yesterday morning $160 cash was stolen from the room of William Fink, a waiter, employed in the Glasser cafe, McGough building, Second street, Monongahela, by two young men.

Leo Glasser a clerk at the cafe, who also rooms at the McGough apartment was returning to his room about 2 o'clock, when he noticed two young men passing through the hall from Fink's room. Supposing Fink was leaving his room with some one, Glasser was not suspicious until he recalled a few minutes later that Fink was working on night duty and would not have been in his room at that time. He hurriedly informed Fink, who investigated immediately and discovered his loss. Three $50 bills and one ten were stolen from a dresser drawer, which had been [illegible] found the drawer

Douglas Business College To Acquire, By Lease, Might's Auditorium

George S. Might has leased the third floor, about 5,000 square feet, of Might building, Fifth street, to the heads of Douglas Business College, who will take possession on March 1. The commodious floor will better conduce to the operations of the business institution.

Might's Auditorium has been known throughout the valley as one of the most commodious dance halls in this section, with a floor second to none. Its leasing makes dancing quarters scarce in the borough, and from this standpoint will make "poor" news for the lovers and devotees of the light fantastic toe—those who "dote" on the Terpsichorean art.

NATIVES EATING LOCUSTS, REPORT

Johannesburg, Feb. 7. — (United Press).—A tribe of several thousand natives in Northwestern Transvaal has been reduced to eating locusts and caterpillers because of the severe droughts in that district, according to advices here.

The forage crops have failed entirely because of the droughts and the ravages of the locusts, leaving the pastoral tribes without means to support their herds.

J. BLACK SEEMS TO LIKE ARREST

Joe Black, aged 51, Croatian, of Slovan, for the third time is under arrest on charges of violating the liquor laws. Information against him was made by Constable J. E. Adams of Smith township, before Justice of the Peace Henry W Tennyson, of Slovan.

Black, who has a bad reputation as an offender, was unable to furnish bail when first taken into custody and was incarcerated in the Washington county jail. His bail was fixed at $2,000, which he was able to secure yesterday and he was released.

Black is to answer to the charges against him at the next term of court unless he should enter a plea of guilty during the present session.

THE SPIRIT OF GRIFFIS

On last Armistice Day as he sat in his German prison cell, to which he was sentenced for participation in the attempt to kidnap Grover Bergdoll, German-American draft evader, at Eberach last summer, Corliss Hooven Griffis wrote to his mother in America.

"How time does change things. It was just a year ago at this hour that Captain Cowley Carroll and myself went out to the cemetery where we [illegible] for our dead. Amid the quiet graves of Greenwood that day I had little thought, indeed, that another such day would find me in a German prison. But even had I known, please God, I would not falter from a trust, a heritage of brave fellow countrymen."

The prisoner's patriotic spirit had not failed him, although he did not know that his fellow countrymen were coming to his aid in the form of a monster petition 23 miles along, bearing 2,700,000 names more than were soldiers in the A. E. F. which wound on a great wheel was presented to the German Ambassador at Washington by a Senator, several Congressmen and a score of World War veterans. The violation of German law was admitted and the release of Griffis was asked as an act of clemency likely to bring about better feeling between the two countries.

This was the consideration that brought the results, for now, after taking note of "the sentiment of the United States," and no doubt shrewdly counting on the effect of its action in America, the Berlin government has granted thepetition. On January 30 Carliss Griffis, to his great surprise, was told by his jailers that he could pack up his belongings and go where he wished. Griffis is free and on his way home, no doubt just as sure as he was on last Armistice Day that his act was inspired by patriotism.

Burns Healed Without Leaving A Scar

My sister was burned last winter when putting coal-oil on a deadened fire and the flames burst out into her face. We used nothing but San Cura and didn't even have a physician and in almost an incredible short time her face was perfectly healed without a scar. It is the finest thing for burns that I have ever seen. Have also used it for other things. Just lately an infected toe and immediately it was healed.—Hattie S. Pitts, 18 Iowa Circle, Washington, D. A Story of Success

How Studebaker Cars became leaders

145,000 people last year paid $200,000,000 for them

THE most talked-about cars among fine cars are the Studebaker Sixes—at $975 and up.

Sales have almost trebled in the past three years. The demand for these cars, growing by leaps and bounds, has been Motordom's chief sensation.

Over $200,000,000 was last year spent for Studebaker models.

Now we wish to explain, to all who are interested, the reasons for that success.

Studebaker has always led

For 72 years the name Studebaker has stood for quality and class.

Studebaker equipages, in the carriage days, held premier place. The White House owned them in the days of Grant and Harrison.

Now we make motor cars only. But the Studebaker name, in this modern field, simply had to maintain its prestige.

We had the money, we had the incentive — we who now control. And our one ambition has been to maintain the Studebaker place.

$90,000,000 assets behind us

Studebaker assets are $90,000,000. We have $50,000,000 in modern plants and equipment.

Not old plants re-adapted. We have spent $32,000,000 in new plants in five years. We have equipped them with 12,500 up-to-date machines.

Over $8,000,000 was spent on drop forge plants alone. Another $10,000,000 on body plants, to maintain our prestige in coach building.

We believe that no other plant in the country is so well equipped to build quality cars as Studebaker.

Engineering—$500,000 yearly

We created an engineering department which costs $500,000 yearly.

There are 125 skilled men there who devote their time to studying betterments in cars. They make 500,000 tests yearly.

There is a department of Methods and Standards. They decide and fix every standard in these cars.

Our factories employ 1,200 inspectors, to make 30,000 inspections on all Studebakers cars. Few flaws, few mistakes can escape them. That we believe, is the finest organization ever devoted to motor car building.

The price of quality

On some steel alloys for vital parts we pay 15% extra to get them exact.

We spend $600,000 yearly to machine all surfaces of crank shafts, just as in Liberty Airplane Motors. That is the reason for that perfect balance, that absence of vibration.

Every Studebaker car is Timken-equipped. The Special-Six and the Big-Six have more Timken bearings than any car selling under $5,500 in America. The Light-Six more than any competitive car within $1,000 of its price.

Open cars have real leather upholstery. They cost $25 more per car than imitation leather.

Our closed cars have Chase Mohair upholstery. This is made from the soft fleece of Angora goats. And a Sedan requires from 15 to 18 yards.

Velour for this upholstery would save us up to $100 per car.

Note the finish of every detail. Mark the infinite care. They add 25% to labor cost on luxurious closed bodies.

Note the completeness of our larger closed cars. The nickel-plated bumpers, the extra disc wheels and cord tires, the steel trunk, the courtesy light, etc. Think what they would cost you, bought as extras.

Thus we have made the Studebaker the leader of quality cars. We have built a demand exceeding 145,000 cars per year.

Learn the results of these efforts, in fairness to yourself. Don't buy a car at $1,000 or over without knowing what we offer.

Compare the parts and details. Mark the advantages we offer — scores on scores. Our experience is that 95% of those who do that buy a Studebaker car.

Learn why 145,162 bought Studebakers in 1923

Studebakers hold the top place in the fine car field today.

In 1919, the public paid over $80,000,000 for 39,356 Studebaker cars.

In 1920, the public paid over $100,000,000 for 51,474 Studebaker cars, an increase of 31% over 1919.

In 1921, the public paid over $120,000,000 for 66,643 Studebaker cars, an increase of 29% over 1920.

In 1922, the public paid over $155,000,000 for 110,269 Studebaker cars, an increase of 66% over 1921.

In 1923, the public paid over $201,000,000 for 145,162 Studebaker cars, an increase of 32% over 1922.

In 1924, business has opened with Studebaker as never before.

BUICK POSSESSES AN INDIVIDUALITY

The new Buick possesses an individuality. Construction is better and stronger. The new motor has added horsepower. The effectiveness and reliability of lubrication have been greatly increased. Riding qualities are supreme. And the prices, because of the values they represent, are the talk of the entire nation.

But all in all, the reason the new Buick cars are selling so rapidly is the same reason that they have been purchased each year in such large numbers. The new Buick meets the motorists requirements, which are constantly increasing in their exactness in demanding improved appearance, more comfortable riding and seating positions, greater endurance and economy in operation and an abundance of "power to start and power to stop."

Because the motoring public knows what it wants, Buick has labored to keep in advance of the usual trend in design and engineering.

WELSH SINGERS PROVE WORTH

The Royal Welsh Singers gave the music lovers of Charleroi one of the best musical treats of the season last evening in the auditorium of the High School. Each number of the delightful program was splendidly given and the Welsh singers proved to be real artists. They were generous with their encores and were called back many times by the appreciative audience. All who heard the concert pronounce it one of the best ever given in Charleroi. Edgar Davies, the Welsh baritone of the company was indeed master of his art. Mr. Davies was national winner in Wales, and his selections on last evening held the audience spellbound. He possesses a voice of rare quality.

Griff Howell, tenor, also has a voice of splendid musical quality and delighted those present with his various selections.

Ernest Hares, pianist, displayed unusual musical ability, and his piano numbers added much to the program. Although he is only a boy, he may sometime rank among the noted pianists of the day.

Miss Gladys Smith, soprano and reader, proved a delightful entertainer. Her charming personality and pleasing manner won her the admiration of each person present. As a reader she exhibited splendid dramatic ability and her gestures were made with ease and grace. Miss Smith revealed a fine clear soprano voice also.

The Royal Welsh Singers were brought to Charleroi through the efforts of the ladies of the Slovak Bethlehem Congregational church; they reflected their judgment, and are to be congratulated.

LAW VIOLATORS ARE SENTENCED

(Continued from First Page)

Cedar Grove mine, of the Carnegie Coal company, at Studa, admitted a charge of driving a motorcycle while intoxicated, though he denied he had been drinking. His plea was that he had not driven the machine long, that it was after night that he got confused by an approaching car and ran into it. The automobile was damaged and this he has made whole. Letters from mine superintendent and others who know the man say he works steadily has never been in trouble, and was never known to be drunk. He was fined $200 and costs and sent ten days to jail.

Frank Kolokevitch, of Charleroi, for the unlawful manufacture and possession of liquor, was fined $100 and costs and given 30 days in jail. If the fine and costs are paid, he will be released in ten days.

God made the country but man made the dangerous curves.

SICK WOMAN MADE HAPPY

Entirely Restored to Health by Lydia E. Pinkham's Vegetable Compound

Mart, Texas.—"I have taken Lydia E. Pinkham's Vegetable Compound to build me up as I was all run-down, nervous and sick. I ached and hurt all over so that I was often compelled to go to bed, and I had to have most of my work done. No medicine seemed to help me until one of my neighbors who was taking the Vegetable Compound insisted on me trying a bottle of it. The medicine helped me from the first, and the best of all is that I can even sew again without that awful, nervous feeling I was used to having. And I used to take crying spells, with such a blue feeling that I cannot explain. Now all that has left me. I feel so cheerful, and I have gained in weight, sleep well and eat hearty. Oh! I wish I had words to express what this medicine has done for me! I am a housekeeper and do everything from the sewing to the washing now and it doesn't hurt me. You may use my letter in any way you wish. I will be glad to help any suffering woman to the road of health and happiness."—Mrs. B. F. Brannon, 404 Travis Ave., Mart, Texas.
